MEMO

TO: Superintendents, Directors of Education
FROM: Mike Sweeney 
SUBJECT: Public School Foreign Student Fees
DATE: January 10, 2003

In November 1997 the Department of Education in a P and I Release (A-1, 1997-98) issued a policy statement on foreign student fees. While this has helped in determining who must pay foreign student fees, a number of cases in the past three to four years point to the need for further clarification.

Section 51 of the Ministerial Education Act Regulations defines a foreign student as a person who enters Canada for the purpose of attending a Nova Scotia public school. There are exclusions under s.51(1)(b). The exclusions list is not an exhaustive list (hence the word 'include') but point to situations where the student is clearly not a 'foreign student' or not in Canada for the purpose of attending a Nova Scotia public school consistent with the intent of the regulation, the Department of Education would take the view that exclusions would also apply to the following:

- a: Parents who are in Canada on a work visa.
The parents have come to Canada for the purposes related to work and their children accompany them.
- b: Parent of child is married to a Canadian citizen.
In this case the parent of the child is in a legally recognized union with a Canadian partner and has applied for landed immigrant status in Canada for both themselves and the child. The child would require a student authorization as issued by Canada Immigration and Customs Service.

As should be noted, students in these situations would be included in the student enrolment count. If you have questions on this matter, please contact the Regional Education Officer for your area or my office.
